A thorough and up-to-date database is the key to all of our products.

Jus Mundi provides complete sets of documents rendered by courts and tribunals of investor-State arbitration, public international law, international trade law and law of the sea.

Because international jurisprudence evolves with every case, Jus Mundi ensures that newly released documents are always integrated into our database within one week.

Dmitri Evseev, Partner at Arnold & Porter LLP

“Jus Mundi is an incredibly user-friendly and valuable service for arbitration counsel. The database of awards is comprehensive and easily searchable. It is already a tremendously useful in conducting research on investment treaty arbitration issues and arbitrators, and new features are being added all the time.”

Rely on the most comprehensive International Law and Arbitration resource on the market

MEET OUR CLIENTS
A multilingual search engine powered by artificial intelligence and machine learning

Don’t miss key information. Traditional search engines overlook at least 20% of legal references!

1. Never overlook an important holding with our high quality documents.

2. Identify relevant portions of documents beyond your keywords.

3. Set the search criteria in English or in French, review the responsive results in any language.

SPEND LESS TIME REVIEWING DOCUMENTS

Quickly find relevant paragraphs of awards using keywords and intuitive connectors.

Narrow down your results using Filters to focus only on relevant documents.

Alain Pellet,
Counsel in more than 60 cases before the ICJ

“Lost in quotation? Jus Mundi is of great help and will reduce your time in finding the right one both in public international law and investment arbitration.”
Comparison of tribunal reasoning has never been easier. Jus Mundi has interconnected over 3 million references in ISDS and PIL documents.

Clicking on hyperlinks lead directly to the relevant passage of the document.

Comprehensive list of cases referring to a treaty provision or a paragraph of a case. Instantly cross reference jurisprudence.

Camilla Gambarini, Senior Associate at Withers

"CiteMap is an absolute must for lawyers crunched for time."

Give yourself a head start on your legal research. Jus Mundi’s Wiki Notes provide lawyers with summaries of legal concepts authored by ISDS experts.

Profound and neutral analysis of legal concepts on procedure and merits.

Comprehensive list of references to treaties and cases.
Perfect your litigation strategy
Jus Mundi is the only search engine on the market equipped with comprehensive filters specific to Arbitrators and Counsel.

Quickly identify cases in which one or several arbitrators sat together.
Review legal reasoning of arbitrators on a particular issue.

Combine this Filter with our Law Firms and Lawyers Filters to spot potential conflicts of interest.

Who says that arbitrator research has to be time consuming?
Arbitrator Analytics provides statistics on an arbitrator’s activity and a list of all past cases to facilitate your due diligence analysis.

EASILY VISUALIZE ARBITRATORS’
- Current caseload
- Appointment history
- Experience with types of disputes, arbitration institutions or treaties.

Gabrielle Kaufmann-Kohler,
Partner, Lévy Kaufmann-Kohler

“Jus Mundi provides easy access to detailed arbitrator and counsel data in international cases. As such, it helps increase transparency in international arbitration in general and in the appointment of arbitrators in particular.”
